

Community, Creativity, Achievement

We value one another, We embrace change and We expect excellence

As a school we are committed to modelling and promoting British Values. Through a fictitious character 'FRED' (Fairness, Respect, Equality and Dignity) who represents everything that is great about Parrs Wood students, we ask our students to consider what FRED would do when faced with everyday challenges. It is our hope that by Committing to FRED, it enables our students to distinguish between 'right and wrong' as they consider the impact of their behaviour on others.

Remember our core values of Community, Creativity and Achievement as you make your way to and from school in our uniform. Wear it with pride and only model behaviours that you, your family and our school would be proud of.

We encourage you to either walk or cycle to and from school to maintain good health. Your bike can be safely stored in one of our bike sheds throughout the school day. When using the bus or tram services for further journeys, we expect you to follow all public health and safety regulations.
